THE RESULT.

The APPEAL congratulates the Silver men of Ormsby on their work of yesterday. Fighting against the greatest odds in the State and in a county conceded to the Republicans, they downed the leading candidates of the opposition by electing their Sheriff and Assessor, with a strong probability that the entire county ticket has also carrried. The fight was won against the liberal use of money, campaign canards, lying and trickery of every description.

The voters of the county realized the fact that the Silver party had kept its pledges and they determined to reward it by a vote of confidence.

The endorsement of the Silver regime by the taxpayers is very gratifying to the members of the party. The fight on the part of the APPEAL has been won by a simple presentation of facts, without detraction or abuse, and the Silver men were not obliged to resort to dirty campaign work to carry their ticket.

The defeat of Kersey has broken the back of railroad domination of November next at Curry Engine House in in Ormsby and ring rule and bossism fitingly rebuked.

News from the State at large shows a sweeping victory for silver. Not a man is lost on the State ticket.

THE MAN FROM MARS.

If a human being should arrive on this planet fresh from Mars, land in Nevada on election day and inquire what all the contention was about, he would probably be dumbfounded to Jearn that the election was to determine whether the silver mines of this State should be closed down or allowed to run.

He would naturally imagine that the question at issue would at once command the unanimous support of the voters of the State. Imagine if you can the astonishment of such a man on learning that while a number of people in the State were in favor of keeping the mines open and giving employment to her citizens, that there were also numbers of people who were in favor of closing them down and increasing the hard times.

Imagine, if you can, his astonishment on learning that a national party that had for twentyone years voted to close down the chief industry of the State, still had a foothold here and that amendment No 21, amending Sec. 1, there were erators who were about of article 11 of constitution. the county advocating the interests of that party and newspapers supporting it.

Imagine further, if you can, the surprise of the man from Mars when he heard that some of the people were anxious to see the silver mines remain open, because it kept the State from bankruptcy and the people from starvation but were demanding that they should be paid to vote to keep the

mining industry in operation. The man from Mars on learning these facts-for they are factswould doubtless skip back to his | farticle 4 of constitution. own planet and begin the publieation of a book showing the percentage of insanity on the globe 35, of acticle 4 of constitution. on which we live was caused by atmospheric influences from which none could escape and that in a few centuries the entire plane known as the Earth, would be one vast lunatie asylum.

The French seemed to have voted all right on the Assessor propositions

The brags of the Republicans that they could buy up the D. D. continhave been a miscalculation.

McEwen's Suit.

Arthur McEwen, who is publishing the most independent paper in San Francisco has caused the arrest of the publisher of the Wasp for crimmal libel.

McEwen has been for years past connected with the Examiner, paper which makes a tremendous showing of fighting corruption until it is called down. McEwen made it too hot for certain rascalities in California, and Mr. Hearst who has no more backbone than a catapillar, asked Mr. McEwen in the middle of a campaign to silence the retteness. Of course the only thing left to do for a self respected journalist was to resign, which he did at once.

He then began the republication of his famous "McEwen's Letter" and the man he flayed and unmasked hired the Wasp, an atterly irresponsible south of Market street weekly, to libel McEwen. The result was criminal libel proceedings. If the rascals who are cowering beneath Mc-Ewen's honest lash think to silence him with mud thrown by Tom Flynn they will reckon without their host. Of course Flynn will never get behind the bars for the wealthy rascals who are using him will handle the Courts so that the punishment he deserves will never reach him.

The funeral services of the late Geo, T. Davis will be held at the family residence this Wednesday afternoon at 2'clock. The interment will be private.

Where was Kersey wken the light vent out?

The colored troops fought nobly. The Italians led by Joe Garavente

were "dead in it." Eddie did you hear anything drop?

You can buy votes and you can keep on buying them, but you can't always tell how they vote.
